# MLK High Hands

## Official Rules & Regulations

- The promotion runs January 15, 2018.
- Players capable of providing a Marquee Rewards® Card, that are playing in a non-tournament, promo eligible poker game in the Poker Room, qualify.
- The promotion periods will run from 10:00am until 10:00pm.
- Winners are declared and payments made after each period within each time block.
- A countdown timer will be displayed in the room for each promotional period. Once the countdown timer reaches zero (0), the players with the highest hands of the promotional period will receive the designated prize. In the event a hand is completed and a supervisor is called to verify the hand before the timer reaches zero (0), the hand will qualify for the current promotional period. In the event the supervisor is called after the timer reaches zero (0), and there is a subsequent promotional period the hand will be considered the starting high hand of the new promotional period.
- Players must play their hands independently. If any player, whether directly or indirectly involved in the hand, passes information or instructs another on how to act or reveals their hand to other players, the promotion will be disqualified for that table.
- Must be present after the promotional period in which the high hand was made to win. Players will have 3 minutes to claim the prize.
- Only the highest hand of the period will be eligible to win the prize for the period. If the patron that had made the highest hand of the period has left or no hand was made during that period, the prize would roll over to the next period. Prizes will not roll over from one promotion day to the next.
- The first hand of a full house or higher made by any player at an eligible table with a minimum of a \$20 pot will be posted as the initial high hand of the promotion.
- A player must use both cards from his/her hand and win the hand to qualify.
- A list will be kept by a Poker Supervisor to record the current high hand of the promotional period, as well as the name, table, and seat number of the player with the highest current hand for that promotional period.
- Any time a qualifying high hand is made; the dealer will announce "high hand" and alert the Poker Supervisor that a hand higher than the current hand listed on the sheet has been made.
- Simultaneous ties will result in an even split of the prize money. Any subsequent hand must beat the current high hand to be eligible to win the prize. A subsequent tie of the current listed high hand is not eligible to share in the prize money.
- A Poker Supervisor or above will verify the hand visually and then add it to the list as the current high hand for the promotional period, crossing off the previous high hand.
- A Promotion Log will be kept for this promotion, which will include all times within the promotional period, for every day of the promotion.
- All payouts for this promotion will come from the Poker Room's Promotional Fund.
- In the event that the Poker Room Promotional Fund does not have sufficient funds to cover the costs of this promotion, Hollywood Casino Columbus will provide the necessary funds.
- Any dispute or situation not covered by the official rules will be resolved by the Hollywood Casino Columbus poker management in a manner deemed by them to be the fairest to all concerned.
