

MISSISSIPPI STUD

MORE STREET FUN THAN EVER

Mississippi Stud™ is a five-card poker game that lets a player bet up to 10 units on a single hand. In Mississippi Stud, players compete against a payable, not against the dealer, and win if their hand is a pair of Jacks or better. The top payout is 500 to 1 for a Royal Flush - and it pays on all bets!

GETTING STARTED

A player makes an Ante bet and any optional Bonus Bets to receive his/her first two cards. The dealer will then place three community cards face down in the middle of the layout.

PLAY OR FOLD?

At this point, players may either fold or make the 3rd Street bet of 1x to 3x their Ante. The dealer then reveals the first community card. The player must then choose to fold or make the 4th Street bet of 1x to 3x his/her Ante. The dealer then reveals the second community card. Once again, the player can fold or stay in the game by making the 5th Street bet from 1x to 3x his/her Ante.

NOTE: When the player folds, they forfeit all bets left in action.

WINNING AND LOSING

After the dealer turns over the final community card, players with a five-card hand of a pair of Jacks or better win.
