RULES:

1. The promotion starts on September 4, 2018 and ends September 27, 2018. Promotion Periods shall be every 60 minutes beginning at Noon and ending 9:00PM. The first payout will be at 1:00PM each promotional day.
2. Active players logged into a non-tournament, promotional eligible poker game with a Marquee Rewards Card in the Poker Room, qualify.
3. Winners are declared and payments made after each promotional period.
4. A 60-minute countdown timer will be displayed in the room for each promotional period. Once the countdown timer reaches zero (0), the players with the highest hands of the promotional period will receive the designated prize. In the event a hand is completed and a supervisor is called to verify the hand before the timer reaches zero (0), the hand will qualify for the current promotional period.
5. Players must play their hands independently. If any player, whether directly or indirectly involved in the hand, passes information or instructs another on how to act or reveals their hand to other players, the promotion will be disqualified for that table.
6. Must be present after the promotional period in which the high hand was made to win. Players will have 3 minutes to claim the prize.
7. Only the top 3 highest hands of the promotional period will be eligible to win the prizes for the period.
8. The first hand of a full house or higher made by any player at an eligible table with a minimum of a \$20 pot will be posted as the initial high hand of the promotion.
9. A player must use both cards from his/her hand and win the hand to qualify.
10. A list will be kept by a Poker Supervisor to record the current high hands, as well as the name, table, seat number and Marquee Rewards card of the player with a qualifying high hand.
11. Any time a higher hand is made the dealer will announce "high hand" and alert the Poker Supervisor that a hand higher than a current hand listed on the sheet has been made. A Poker Supervisor will announce to all players the new high hand.
12. Simultaneous ties will result in an even split of the prize money for the current qualifying prize placement and the spot immediately below it. Any subsequent hand of equal value would receive the next prize. Example, two players simultaneously make AAKK and are currently in first place. They would hold the first and second place spots and split the total from both spots. A third player making AAKK would earn the third-place spot.
13. A Poker Supervisor or above will verify the hand visually and then add it to the list as the current high hand for the promotional period, crossing off the previous high hand.
14. A Promotion Log will be kept for this promotion, which will include all times within the promotional period, for every day of the promotion.
15. All payouts for this promotion will come from the Poker Room's Promotional Fund.
16. In the event that the Poker Room Promotional Fund does not have sufficient funds to cover the costs of this promotion, Hollywood Casino Columbus will provide the necessary funds.
17. Any dispute or situation not covered by the official rules will be resolved by the Hollywood Casino Columbus poker management in a manner deemed by them to be the fairest to all concerned.
